EDUCATION

- Bachelor of Computer Applications (BCA) – Guru Gobind Singh Indraprastha University (Graduated 2025)
— CGPA: 8.747
- Class XII – New Green Field School, CBSE, 2022 — 80.2%
- Class X – New Green Field School, CBSE, 2020 — 61.6%

EXPERIENCE

Web Development Intern –AICRA, July 2025 – August 2025

- Designed and developed responsive web pages using HTML, CSS, and JavaScript.
- Implemented backend features with PHP and MySQL for database-driven functionality.
- Enhanced website performance and optimized loading speed by improving code efficiency.
- Worked with Hostinger, FileZilla, Linux, XAMPP, and Apache for hosting, deployment, and server management.
- Assisted in debugging, testing, and deploying websites to ensure smooth client delivery.

Android Programming–Tech Access learning Pvt LTD, July 2024 – August 2025

- Created a voting application used to conduct elections in my college as a project during the internship.
- Learned Android app development using Android Studio, XML, Java, Firebase, Cloud Firestore, and Email Authentication.
- Assisted in debugging, testing, and deploying Android applications to ensure smooth client delivery.

PROJECTS

Student & Teacher Portal

- Developed a comprehensive web portal using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented user registration and login authentication to secure access for students and teachers.
- Built features for attendance tracking, allowing teachers to mark and manage student attendance efficiently.
- Designed academic records management to display semester results and student performance.
- Ensured responsive design for seamless use on different devices.

Ballot Buddy (Voting Application)

- Created a secure voting application using Android Studio integrated with Firebase Cloud Firestore.
- Enabled real-time voting and result management for college elections to ensure transparency and accuracy.
- Implemented email authentication and user verification to prevent multiple voting and maintain data integrity.
- Designed intuitive UI with XML and managed backend using Firebase services.

CERTIFICATIONS & ACHIEVEMENTS

- Android App Development for Beginners– Simplilearn
- Introduction to PHP Basics – Simplilearn
- JavaScript for Beginners – Simplilearn
- Introduction to Front End Development – Simplilearn
- Developed the Ballot Buddy voting application to facilitate club elections efficiently and securely.
- Awarded the College Technical Skills Trophy for outstanding performance in software development, including creating applications and a student-teacher portal for institutional use.
